

Mr. Ensrude's 5th Grade

September 2, 2022

Chapel Offering: Each week when we have chapel, students have the opportunity to share an offering that helps somebody in need. During August and September all donations will be collected for LCMS World Missions which helps refugees and people in crisis. Every two months, the recipient of these funds will change. We want to inspire our students to be helpers in the world and to practice generosity. This is completely voluntary and a wonderful opportunity!

Math

In math we have been seeing a lot of fractions! The kids are doing a great job being flexible and understanding that we need to be patient with learning the new curriculum. From here on out we might take a day in the week to review some of the things we have learned. This will be our weekly check-in and review. Next week we will be looking more at mixed numbers and estimating.

Science

In science we continued to talk about matter. We discussed ways to measure matter and practiced doing our first online assignment. Next week we will be looking at properties of matter and using them to identify different substances.

Geography

In geography we finished up our first two lessons and really focused on note taking. We will continue to practice different note taking strategies in geography throughout the year. Next week we will be looking at what life in Brazil is like today.

Reading

We spent some time getting started on our September book project books this week. Your child should have selected a "Free Choice" book. The book project is the diorama and the directions were handed out this week and can also be found on Google Classroom.

Spelling

We had our first spelling test today and will be getting back into our second vocabulary unit next week.

Bible Study

In Bible Study we continued to discuss the things that cause stress in our lives and how we deal with them. We did an activity talking about integrity and found next week's memory verse. **1 Timothy 4:12 - "Don't let anyone look down on you because you are young, but set an example for the believers in speech, in conduct, in love, in faith, and in purity."**

ELA

In ELA we wrapped up sentence structure and also worked on some perspective writing.
