

## 2nd Grade: Mrs. Watkins and Mrs. Thomas

January 22, 2021

\*Report cards come home today! :)

\*It's reenrollment time! Reserve your child's spot for Third Grade today! :)

\*Save the date to tune in to chapel on the Messiah School youtube channel this Monday, January 25th!

The 2nd Graders will be presenting the chapel message!! Please continue to work on lines over the weekend so the kids are fresh and confident!

\*We also hope you will save the date for Messiah's Annual Auction (going virtual) on Friday, February 26th!

### Religion

We are so excited to present chapel on Monday! We have been working hard. We have also been helping to prepare for next week's chapel if you want to tune into that one, too! We will also talk about Jesus healing the paralyzed man, the ten lepers and the widow's son. He was a busy man!

### Reading/Language

It has been so rewarding to watch the children's reading skills progress! Keep up the good work! Next week our reading stories will be about reading! :) We will focus on the long e sound, and practice changing y to i when we add endings. We will also work with using the -y and -ful endings.

### Science

We will be digging deeper into the different types of landforms and bodies of water found on the surface of the Earth.

### Spelling

happy, pretty, baby, very, puppy, funny,  
carry, lucky, only, sunny, penny, city

### Memory Work

The first part of the second article of the Apostles' Creed: **And in Jesus Christ, His only Son, our Lord, who was conceived by the Holy Spirit, born of the virgin Mary, suffered under Pontius Pilate, was crucified, died and was buried. He descended into Hell.**

### Math

We are using base ten blocks to talk about place value. This is perfect timing as we near our 100th day of school! We will also tell time to the 5 minute intervals and practice the -4 wrap-ups. This is where it starts to get tricky!

### Social Studies

The students loved the continent song and labeling last week. Next we will move into a discussion on landforms. Our timing with science also worked out perfectly this month.

### Spanish

We are finishing up our unit on Monday and prepping to play Spanish BINGO to review at the end of the week.

### Teacher Tip!

One of our class devotions this week was called "Pillow Talk." We learned that when we rest our heads on our pillows at night, we can talk to God and He hears our prayers! Having a bedtime routine is a valuable tool to help finish the day strong, strengthen bonds, and establish healthy habits.
