

Mrs. Koenig

February 11, 2022

The children really enjoyed playing in the snow this week. It's been nice to see the sun and enjoy some warmer temperatures again! It's also been nice to have a "normal" week of school! Today marks the halfway mark of the third quarter! This school year is flying by!

## Religion

Our families are a gift from God. He wants families to love and forgive each other.

## Memory Work

Next week's assignment is the Fifth Commandment.

## Math

When two numbers in a fact are next to each other on the number line, it is a **doubles plus one fact**. We double the smaller number and add one more. Example -  $4+5=9$ , we double the four and add one more.

## Reading

In Lesson 18 we are working on the *vowel digraphs* "ai" and "ay" as in *train* and *play*. We will also be making *contractions* with *will* and *would* - *he'll* and *we'd*. *The test* for Lesson 18 will be on *Thursday*.

## Book Report

Information for our next book report - a mosaic and written summary - went home last week.

## Grammar

We have completed the unit on verbs. The **test** for this unit will be on **Tuesday**. We completed the Unit Review together in class on Wednesday.

## Spanish

We now know the seasons of the year - **la primavera** - spring; **el verano** - summer; **el otoño** - fall, and **el invierno** - winter.

## Social Studies

We have completed Unit 2 and the **test** will be on **Wednesday**. You can use pages 92 - 95 to help your child study for this test. We also completed a unit review in class on Wednesday.

## Pizza Hut

Congratulations to Everly and River who completed their 10 books for February and received their certificate for a free personal pan pizza!

continued...

## Math

We will be reviewing numbering a clock face, identifying one hour ago and one hour from now, even/odd, and adding two. cts at home! We can all work to memorize and get a bit faster with our facts. It will pick up soon!

## Science

This week we began our study of Matter. Ask your child to name something that is matter. (Hint: everything is matter!) We will dig deeper and learn the states of matter and how something can change from one state to another!

## Social Studies

We will continue to learn about rural, urban, and suburban communities. Our first in class project will be the urban diorama. We will use shoe boxes to create an urban community. have one at home for this creative project!

## Teacher Tip!

Happy parenting is a balance of Love and Limits. Love unconditionally, and set age appropriate limits that allow your child to thrive within safe boundaries.

Happy parenting is a balance of Love and Limits. Love unconditionally, and set age appropriate limits that allow your child to thrive within safe boundaries.

I've colored the sections so that you could see what the hidden table really looks like. Feel free to change the background color back to white or keep it as it is.
