Religion

When a man and a woman marry, God plans that they make a lifetime commitment to each other. God blesses families with the gift of children. He wants families to love and forgive each other. He gives His children the power to say, "I'm sorry." and "I forgive you."

Memory Work

Next week's assignment is the Sixth Commandment.

Math

When two numbers in a fact are next to each other on the number line, it is a **doubles plus one fact**. We double the smaller number and add one more. Examples - $4+5=9$. we double the four and add one more.

Reading

In Lesson 17 we have been sounding out CV words with a long /e/ as in **he** and CVCe words with a long sound of /e/ as in **these**. "Ee" and "ea" are vowel digraphs that say the long sound of /e/ as in **keep** and **sea**. "Nk" is a blend that we hear at the end of **bank** and "ng" is a consonant digraph that we hear at the end of **ring**. When we add an "ing" or "ed" to a CVC word, we double the last consonant before adding the ending - **running**. The **test** for Lesson 17 will be on **Tuesday**.

Grammar

Adjectives are describing words. This week we looked at adjectives that tell how things taste, smell, sound, and feel.

Science

When light is blocked a shadow is formed. We can change the size of the shadow by moving the source of light closer to or farther away from the object.

Social Studies

This week we took a closer look at the Liberty Bell and the Statue of Liberty. We learned how to read a diagram.

Spanish

We concentrated on the months of the year this week. They are - **enero** - January, **febrero** - February, **marzo** - March, **abril** - April, **mayo** - May, **junio** - June, **julio** - July, **agosto** - August, **septiembre** - September, **octubre** - October, **noviembre** - November, and **diciembre** - December.
