

## 1st Grade: Mrs. Koenig

November 13, 2020

### Religion

Jesus acts in love to care for us. He gives health and healing. Sometimes He acts directly, and sometimes He acts through people. We praise and thank God for what He has done for us.

### Memory Work

Next week's assignment is Psalm 118:1.

### Math

We took a look at the heads and tails sides of a dime. When we determine the value of dimes, we count by 10's. We also counted by 2's, just to 20 at this point. When the minute hand, the long hand, of a clock is on the 12, it is an "o'clock" time. The short hand, the hour hand, tells us the hour. We practiced telling time to the hour.

### Reading

In Lesson 10 we've been sounding out words with the ending blends **mp**, **nt**, and **nd**. **A**, **an**, and **the** are articles that we use before nouns. The **test** for Lesson 10 will be on **Monday**. Next week we will take a break from our reading book and do some Thanksgiving stories.

### Science

In our next unit we will be learning about sound.

### Spanish

This week we added the following body parts to our vocabulary - **los brazos** - arms, **las piernas** - legs and **las pies** - feet.

### Grammar

This week we identified nouns for animals and things.

### Social Studies

We used the **cardinal directions** - north, south, east, and west to find places on a map.

### Go for the Goal

Congratulations to Clark who finished his 20 goals!

### Pizza Hut Book It!

Congratulations to Mallory, Izzy, and Mia who have finished their 10 books for November!

*Have a wonderful weekend! Sounds like we'll have more beautiful  
"Indian Summer" weather!*

*Remember to worship our loving God who loves us so much that He  
sent His Son to die for us so that our sins can be forgiven!*
