

1st Grade: Mrs. Koenig

November 6, 2020

Religion

God's law tells us to love Him and each other. We cannot keep the Law. God loves us even when we sin. Jesus, our Savior, died so we could be forgiven.

Memory Work

Next week's assignment is Matthew 22:37.

Math

When 0 is added to a number, the answer is the other number - $9+0=9$, $0+7=7$. We practiced counting by 10's. This skill is important for determining the value of dimes. When we subtract 1 from a number, we count backwards to find the answer.

Reading

In Lesson 9 we have been sounding out words with "s" blends - **st, sw, sc, sm, sk, sn, sp, scr,** and **str**. **Antonyms** are words that have opposite meanings - hot and cold are antonyms. The **test** for Lesson 9 will be on **Monday**. In Lesson 10 we will be sounding out words with the ending blends **mp, nt,** and **nd**.

Science

The seasons are caused by the tilt of the Earth on its axis as it revolves around the sun. Since we began keeping track on October 10th we have lost 38 minutes of daylight! We will have a **test** covering the seasons on **Thursday**. Your child is bringing home a booklet on Monday to help him/her study for the test.

Spanish

We continue to review body parts and morning routines.

Grammar

This week we identified nouns for people and places.

Social Studies

Our earth is made of various landforms - **mountains, hills, valleys, plateaus, plains, and deserts**. Bodies of water include - **oceans, rivers, and lakes**.
