

First Grade: Mrs. Koenig

October 8, 2020

Religion

The Bible is the Word of God. Through His Word God makes us wise unto salvation in Jesus, our Lord. We do the "one thing needful" when we listen to Jesus, believe in Him and obey His Word.

Memory Work

Next week's assignment is The Lord's Prayer. Many of the children already know this prayer. We've been using it to end our day at school..

Reading

"Br," "pr," "tr," "cr," and "gr" are consonant blends that are heard at the beginning of brick, press, tree, crab, and grin. We are continuing to review the short sound of /i/ as in crib. The **test** for Lesson 7 will be on **Friday**.

Grammar

The Unit 1 **test** will be on **Thursday**. We will complete a unit review in class which the children will bring home on Monday.

Math

We have now learned the **doubles facts** through sums of 20 ($10+10=20$). See if your child can perform our **Doubles Rap** for you. Be sure to use the flashcards to practice the doubles facts at home. We also used a **balance scale** to determine which items were heavier and lighter.

Science

On Tuesday we made it rain in our classroom! The **test** covering the chapter on weather will be on **Wednesday**. Your child is bringing home a booklet today which you can use to study for the test.

Spanish

We are finishing up our unit on places we might live, family members, and rooms of the house. The **test** for this unit will be on **Tuesday, October 20th**. I am including a vocabulary list in today's folder.

Social Studies

As citizens we have **rights** and **responsibilities**.

Go for the Goal

Congratulations to the following children who have completed their 20 goals - Nora, Mia, Kate, Hunter, Mallory, and William.

Book It!

Congratulations to the children who have completed their reading for October - Hadley, Hunter, and Mallory.

Indoor Recess Donations

We have been blessed with beautiful weather for recess so far this year. As we move farther into fall and winter I hope that we will continue to be outside for recess, but in case we can't I'm looking for donations of board games, card games, building activities, etc. that we could use in the classroom. Since the children will only be playing games in groups of two and having their own container of building materials, I need more than I normally have on hand. If you have some games, etc. at home that your family no longer uses, we'll take them!

It looks like we'll have another beautiful fall weekend!

Enjoy!

Remember to worship our loving Father!
