

1st Grade: Mrs. Koenig

September 11, 2020

Religion

No illness or disability is too severe for Jesus to heal. We can take all our physical need to Him

Memory Work

Next week's assignment is Isaiah 41:10.

Math

We used linking cube trains to practice the terms **first, last, between, middle,** and **first, second,** and **third.** The children enjoyed acting out **some, some more** (addition) and **some, some went away** (subtraction) stories. We learned the safe way to put on and take off **geobands** on a **geoboard.**

Grammar

We're working hard to identify the naming part and the telling part of a sentence.

Spelling

When choosing extra spelling words, you may choose words from **previous** units. In addition to marking the bonus words in the spelling folder, **please write these words on the pretest that you return to school.**

Reading

In Lesson 3 we are reviewing the short sound of /o/ as in **hot.** The **test** for Lesson 3 will be on **Wednesday, September 16th.** In Lesson 4 we will be reviewing the short sound of "e" as in **pet** as well as putting words in **ABC Order.**

Book Reports

Our Show and Tell Book Reports start on Monday! Please be sure to check the schedule for your child's date and to practice at home.

Sentence Dictation

This week we completed our first sentence dictation paper. We generally do two sentences. I read each short sentence to the children and they write it. This paper receives two grades - a grammar grade for properly beginning and ending the sentences and a spelling grade. This paper will be in the Friday Folder next week.

Science

Wind is air that is moving. We made pinwheels to take outside to determine the speed of the wind.

Caterpillars

One of our caterpillars has emerged from its chrysalis as a beautiful butterfly! We're anxiously awaiting the arrival of the other two butterflies! It was amazing to see the beautifully colored wings while it was still in the chrysalis!

Donations

We will be going through quite a few baggies this year - both sandwich and snack size - for putting together individual packets for our Learning Stations, etc. We will also be using quite a few baby wipes for gluing fingers, etc. If you'd like to pick up a package when you are at the store, we will gladly accept the donation!

Golf Tournament

Registration is open for the annual MLS Golf Tournament! This year's tournament will take place on Monday, October 19th at Old Hickory Golf Club. To register go to mlslions.org and look under the Support MLS tab. Click on the Golf Tournament and sign up! Don't golf? Sign up to be a hole sponsor! We appreciate your support!

Have a great weekend. It looks like we'll have some nice weather! Be sure to worship our loving, healing Savior!
