

Mrs. Bohn's Classroom

February 12,, 2020

This week was all about love! We shared what we love and how we show love to others. We focused on how God's love for us is so big that we cannot contain it and want to share it with others. Jesus' love is BIG and is forever! Jesus keeps on loving us with a great big love, even when we make mistakes and wants us to love our friends too even when they make mistakes. We have been practicing saying "I am sorry" all year, but recently I have noticed many of the children adding "Do you forgive me?" after. Saying those words can be challenging for adults to say so my heart is so touched when I hear one of your sweet little ones say them.

We know that forgiveness is for everyone as we look to Jesus as an example.

Jesus Time

This week, we learned about miracles! A miracle is something only God can do! In class, I turned water green by using food dye. We tried to use "magic" words to turn it clear again, but of course, we could not. We discussed how God does not need any "tricks" or magic words because He is so powerful. God only needs to think it and it can happen! We learned the story of Jesus healing the paralyzed man. The paralyzed man believed that Jesus could heal him so Jesus did!

Next week, we will learn about another miracle, Jesus calming a storm! We do not need to be afraid because we know Jesus is always with us!

Project Theme

We love Valentine's Day! Even with our shorter week, we had a lot of fun making heart projects. We learned how to cut out hearts folded "elephant ears" and this was such a hit with the preschoolers. Many of the children sat and made multiple heart cards for their families, pets, and friends. I hope you enjoyed your special Valentine cards as they were made with so much love!

Next week, we will begin our Fairy Tale and Nursery Rhyme unit. This is always a favorite of the preschoolers! Each day, I will be setting up a "mystery" to help us learn about the stories.
