

Mrs. Bohn's Class

January 29, 2021

We had a blast celebrating National Lutheran Schools Week! This week was full of fun activities, dress-up days, and special surprises...including some snow! I grew up attending Lutheran schools and celebrating National Lutheran School Week as a student myself, but it is just as fun as a teacher! I have loved seeing the excitement and joy in the children. As a child, my favorite theme day was pajama day and it still is! Most importantly, I value the teachers who taught me about Jesus' love and forgiveness and the lifelong friends I made there. I pray that this week will create fond memories for your child to look back on too! It is such a blessing to be part of a school community like Messiah both as a teacher and as a parent of Messiah students. Fire Up Lions!

Jesus Time

This week we learned about Jesus' baptism. Baptism is God's word and water. It is a special gift that God shares with us and His love and forgiveness is for everyone! We are God's own dear children. If you would like to learn more about Baptism, you can visit Messiah's website at <https://messiahstcharles.org/get-baptized/>

Next week, we will learn about Jesus calling the first disciples.

Project Theme

This week was a busy and fun one as we celebrated National Lutheran Schools Week. Our class adopted an education major from Concordia Chicago. We made some encouraging cards and pictures to send to her. Speaking of careers, did you know we have a Target worker, party planner, and chef in our class? I have really enjoyed the dress-up days this week and seeing how proud the children are of their snazzy outfits! We had some special events like a Noah's Ark themed "escape room" complete with team challenges and we played BINGO!

Next week, we will learn all about arctic animals and do some chilly projects.

Valentines

Out of an abundance of caution, the decision was made not to allow Valentine cards and candy from home to be passed out this school year. We will be doing lots of fun Valentine activities in the classroom to celebrate the holiday. Thank you for your understanding in keeping everyone safe and healthy.

Student: "Mrs. Bohn, what is your work?"

Me: "This. Being a preschool teacher"

Student: "No, like where do you work?"

Me: "Here"
