Fall is a wonderful time of year and our young students really seem to enjoy watching all of the exciting changes that God makes. Finding a red, yellow, or orange leaf on the playground and tossing it in the air is a true highlight of their day. We know that the seasons will change and we want our little ones to be assured that God will never change. He will never leave us. He will always be there to help us. God says that He has made everything beautiful in its time, Ecclesiastes 3:11. That means that He can take even the toughest seasons of life and turn them into something more beautiful than we could ever have imagined. Our God is incredible! Enjoy these beautiful changes with your child.

Jesus Time

Bible Story: Joseph's Colorful Coat, Genesis 37" 1-4

God has given us so many wonderful things. In this week's story about Joseph, his dad gave him a beautiful coat that made his brothers very upset. We'll talk about being happy when others get gifts too. This story also helps us remember that God gave us the most special gift-Jesus.

Project Theme

Morning Meeting Focus: Using My Words

Small Group Focus: Numbers

Project Theme: Apples

The kids had a great week exploring apples! We learned the parts of an apple and how to pick apples from the tree. This week we'll continue our apple theme. We'll list the many foods and drinks that we can make with apples, taste a variety of apples, and create many apple-themed projects.

Can you help?

With all of the changes that happen during this season, we are looking for "treasures" for our classroom. If you have any trees that produce acorns, big colorful leaves, walnuts in the shell, buckeyes, etc. to go along with the fall season, we'd love a collection of them. We will be including these in our Science Center and sensory bins. Let me know if you can help out with any of these.
