September 3, 2021

One day this week one of the students was home because she wasn't feeling well. The children were so sweet and one child said, "I hope she feels better!" Another student said, "We should pray for her." Wow! I am so proud of the care and compassion these little ones have for each other. We have been practicing that in our class we are on the same team and that means we love each other, help each other, and take care of each other. I can tell that you have been having these conversations about kindness at home, too! Thank you for your partnership in creating a wonderful start to the school year.

## Jesus Time

**Bible Action Verse for Next Week:** Numbers 10:29 The Lord has promised good things. This week we enjoyed looking and playing outside and observing all of the things that God has made! We loved singing "My God is #1" and "God Made It All." The kids shared their favorite things that God made: chocolate, friends, moms, dads, cupcakes, school, toys, parks, babies, play dough, goats, cars, and dogs. I really like their list! Throughout the school year, I want each child to know that God made them, God loves them, and Jesus wants to be their friend forever! Next week we'll talk about Adam and Eve.

## Project Theme

We loved exploring art this week and talking about all of the ways that school is fun! We had so much fun getting messy and making beautiful creations. They've enjoyed playing in their art gallery and have made some beautiful pieces of their own art. You can extend the concepts of this unit into your home by collecting art tools and exploring them together. A fun art idea is to paint on paper using kitchen tools as applicators. Forks, potato mashers, and slotted spoons all work well for this activity. Art also provides opportunities to experiment with color. While it is important for children to know the names of the colors, it is just as important for him or her to know what to do with them.
